

By Jamel  
Gr. 4 (Mrs. Boukall's class)

School is a great place to go. I go to Joseph Welsh and that's the school I'm going to talk about. It is a great place to learn because we have the nicest teachers and the absolute best principal. Everybody is optimistic and nobody fights. I think it is the greatest school in the UNIVERSE! From kindergarten to grade five we have brilliant, cheerful and loving students. I thank all the teachers for helping students when they are struggling or when they need to calm down. And I thank all the students for trying their best and never giving up. I thank everybody for being the best they can be. We have a very nice principal who gives us gym with him once a week. We also have a very clean school thanks to our wonderful janitor. I hope you enjoy Joseph Welsh as much as I have and believe me, I really enjoyed it! I am upset that I eventually have to leave but you can have fun no matter what happens so enjoy it while you can.
