Principal, Mr. Mike Fritz and Staff
Joseph Welsh Elementary
Red Deer, AB

Dear Mr. Fritz,

This morning we attended the Remembrance Day Program at Joseph Welsh and want to commend the staff and students of the school for presenting such a meaningful service.

The atmosphere showed that it was planned with great thought and preparation to make it meaningful to today's world. The music was particularly appropriate and performed so well.

Both of us are retired teachers and have attended and been involved in many such programs but agree that what we witnessed today was one of the best for bringing relevance to the students and us about our responsibility in building world peace.

We were impressed by the attitude and behavior of the whole student body. In the ten years that our grandchildren have been enrolled at Joseph Welsh and we have attended special assemblies, we have always been aware of the caring and nurturing atmosphere that pervades the school.

You have our thanks and blessing as you keep up the good work!

Sincerely,

Bill and Merla Gibson
